

Hello Group,

Could everyone e-mail me the title and author of a favorite book your child read this year? It can be a book the student read by him/herself or a book you read together.

I will compile the book names and student names onto a bookmark as a little end of the year "sirsee" from this year's kindergarten class for our teachers. I should also be able to make one for each student too, so you will get a copy and be able to remember who was in this year's class!

When you e-mail back, please include your child's name along with the book title, so I can match the book names with the student names!

Many Thanks,
TheRoomMom
